**Perform a Function Check on an M240B Machine Gun**

**071-025-0002**

**Conditions:** Given a cleared M240B machine gun, bipod- or tripod-mounted.

**Standards:** Conduct a function check of the M240B machine gun; ensure it is correctly assembled and functions properly.

**Performance Steps**

WARNING: Before performing a task on any weapon, always check to ensure that the weapon is clear.

1. Place safety lever to the "F" position.
2. Lock the bolt to the rear position by pulling the cocking handle to the rear.
3. Push cocking handle to the forward position until it locks in the forward position.
4. Place safety lever to the "S" position.
5. Depress the trigger; the bolt should not fall.
  - a. If the bolt falls, notify supervisor. The machine gun is inoperative.
  - b. If the bolt does not fall, continue to the next step.
6. Place safety lever to the "F" position.
7. Pull and hold the cocking handle to the rear.

The background is a collage of military-themed images. On the left, a large American flag is draped over a group of soldiers. In the center, a soldier in camouflage gear is shown from the chest up, looking towards the camera. On the right, another soldier in camouflage is visible, partially obscured. The overall tone is patriotic and emphasizes military strength and training.
